This is probably the most famous staff form—for good reason. This form teaches all the basic staff techniques and—more importantly—exemplifies true Chinese GuunFa (Staff Method) throughout the entire form and in every movement and technique. Truly a form for Beginners and Masters alike. This form comes from GM Li, Kun-Shan, who taught it to GM Su, Yu-Chang. GM Su taught this to Master Wong in Taiwan in the 1970's.
